| 1   | All required documents have been collected for submission to HITRUST, including:  
• HITRUST CSF Validated Report Agreement  
• Management Representation Letter  
• Test Plan  
• Working Papers  
• Overview & Scope  
• HITRUST Assessor Quality Checklist |                                 |
<p>| 2   | Test plan is documented consistent with HITRUST Assurance Program Requirements.                                                                                                                                                                                                 |                   |
| 3   | All workpapers have been reviewed by appropriate team members and contain the required information as documented in the HITRUST CSF Assurance Program Requirements.                                                                                                                                                                                   |                   |
| 4   | Testing exceptions were appropriately documented in MyCSF’s assessor comment fields and reflected in the scoring.                                                                                                                                                                                                                      |                   |
| 5   | All testing was performed within 90 days of submission date.                                                                                                                                                                                                                                                                           |                   |
| 6   | All items tested for the Policy and Procedure maturity levels had been in place for 60 days prior to being tested. All items tested for the Implemented, Measured, and Managed maturity levels had been in place for 90 days prior to being tested.                                                                                                           |                   |
| 7   | At least 50% of the validation and 100% of QA work was performed by HITRUST CCSFPs who are current on their certifications.                                                                                                                                                                                                         |                   |
| 8   | Appropriate sampling guidance was followed when HITRUST Illustrative Procedures suggest testing a sample to validate the operation of a control requirement.                                                                                                                                                                          |                   |
| 9   | Client / subscriber comments are appropriate for inclusion in the final report.                                                                                                                                                                                                                                                        |                   |
| 10  | Where reliance was placed on testing performed by a third party, the timing of when the tests were performed was considered per the HITRUST CSF Assurance Program Requirements.                                                                                                                                                       |                   |</p>
